

## Our instructions for adopting HIGH RISK

- Go to our website... [WWW.NHCRABBITRESCUE.COM](http://WWW.NHCRABBITRESCUE.COM)
- Go to DOCUMENTS TAB
- CLICK FOLDER - **VETERINARY REFERENCE FORM** (print and fill out)
- CLICK FOLDER - **HIGH RISK ADOPTION APPLICATION** (print and fill out)
- Email both completed forms back to us at [nhcrabbitrescue@gmail.com](mailto:nhcrabbitrescue@gmail.com)
- WAIT for us to review your applications
- WE WILL CONTACT YOU after our review and either approve or deny your application. If denied we will tell you why and we may possibly have other rabbits that would be better suited for your situation. Each application is accessed individually. We want to make sure that we pick the very best home for our high risk rabbits.
- If your application is approved we will schedule a **HOME CHECK APPOINTMENT** with you and we will bring the rabbit to let you meet and greet the rabbit to make sure that you still want to proceed with the adoption. *THE RABBIT WILL GO BACK TO THE RESCUE UNTIL THE GRADUATION OF OUR COURSE.*
- After the home check and meet and greet - if you still want to adopt the rabbit you will **REGISTER FOR THE ADVANCED RABBIT CARE COURSE**. The class registration form is on our website - there is a \$40 fee for the mandatory course that will reserve your rabbit adoption for you for no more than 7 days. **THIS FEE IS NON REFUNDABLE EVEN IF YOU BACK OUT BEFORE THE CLASS**
- After the fee has been paid for registration we will schedule a date for the one *on one two hour course*. This course is advanced and in depth primarily focusing on the importance of health and recognizing medical emergencies.
